of Mattapoisett. The difference is immediately noticeable. The lot behind the Post Office, in the heart of town, had become a disgrace and is now clean. Ned's Point, Veterans' Park, is now a memorial recreation spot rather than the eyesore. North Street is now clear of scattered junk and is once again an attractive residential area rather than an extension of the dump. Goodspeed Island was cleaned last week by the young people of the Congregational Church working entirely on their own. Every street and every road is the better for these hard working girls and boys whose ages range from high school to first grade. They covered miles. Some worked with adults and some worked entirely on their own. The Town Conservation Commission planned and led the operation. The Highway Department furnished the trucks. The young citizens of Mattapoisett furnished the labor.

meeting was called to order by the club president, Mrs. Albert Furnans. There were 4 recommendations from the executive board which were approved: 1. a donation of $100.00 to New Bedford's Countdown for Freedom. 2. a donation of $250.00 to the Old Rochester Regional Citizens' Scholarship Fund. 3. a pledge of $1000.00 from the reserve fund for the proposed Mattapoisett town bandstand. 4. support of the May 2nd Cleanup Day sponsored by the Conservation Commission.

Mrs. George King announced the dates of the annual convention of the Massachusetts State Federation of Women's Clubs as May 14, 15 and 16 at the Schine Inn of Chicopee, Mass. There will be a group from Mattapoisett going on the 15th and anyone interested in joining them may call Mrs. Frank Kouble for reservations.

Two new members were introduced: Mrs. Carl Suchman and Miss Lilly Searle. Mrs. Frank Oxnard was introduced at the Third District Director nominee. The president then introduced the guest-of-honor, Mrs. Marshall Ross, first vice-president of the Massachusetts State Federation, who spoke on the structure and workings of the State Federation and the challenge of the changes taking place in society today.

Mrs. Arthur Knox reminded the guests of the Musicale planned for 9:30 A.M. Wednesday, May 6th, at the home of Mrs. Bert St. Germaine; and Mrs. Benjamin Brintnall spoke of the trip to the Cape planned by the American Home Group for May 13th. Reservations should be made for each of these activities.

The slate of officers for the 1970-1971 season, which had been presented at the March meeting, was then voted on and the following were elected: Mrs. Albert Furnans, president; Mrs. George King, first vice-president; Mrs. Philip Murray, second vice-president; Mrs. Manuel Roza, treasurer; Mrs. Arthur Knox, recording secretary; Mrs. Ralph Ashworth, corresponding secretary; Mrs. Clarence Fountain, director for one year; Miss Jessie Peacock, director for two years; and Mrs. Harold Woodcock, director for three years. Committee chairmen will be announced in the next bulletin.

Mrs. Furnans expressed her appreciation for the help and cooperation she had received throughout the year, and to the three directors who had planned the day's luncheon: Miss Peacock, Mrs. Fountain and Mrs. Albert Norlander. The meeting was brought to a close by a reading of an inspirational poem and prayer by Mrs. Charles Smith.

Candidate Speaks

MATTAPOISETT TOWN DEMOCRATIC COMMITTE

The Mattapoisett Democratic Town Committee had as guest speaker Gerry E. Studds, candidate for the Democratic nomination for Congress from the 12th Congressional District. The seat is now held by Republican Congressman Hastings Keith.

Mr. Studds entered government in 1961 as a foreign service officer with the United States Department of State. As a member of President Kennedy's staff he served as executive assistant to the Presidential Consultant for a Domestic Peace Corps. In 1964 he served as legislative assistant to U. S. Senator Harrison A. Williams (D.-N.J.).

Besides serving as State coordinator of Senator Eugene McCarthy's presidential primary campaign in New Hampshire, Mr. Studds was also elected as a delegate to the 1968 Democratic National Convention and served on the platform committee of that convention.

Among the issues voiced by Mr. Studds were immediate withdrawal from Vietnam, reduction of military expenditures, lowering the voting age to 18 and opposition to the present seniority system in Congress.

Mr. Studds told the group that he was running "because this district badly needs and deserves a Democratic Congressman." He is convinced that a Democrat can be elected from the 12th Congressional District, particularly with the redistricting that has added the strongly Democratic Town of Weymouth to the District.

An active campaign as well as a "winning campaign" was promised the large turnout of Democrats by Mr. Studds.

well as lend their assistance to the contestants. The leader is Robert Sabourin, senior at Wareham High School and has been accepted at Boston University as an applied Music Major. He also plays with the Boston Youth Symphony and the New Bedford Symphony Orchestra. Bob has made many honors in the music field in a very short time. Michael King is a senior at Old Rochester Regional High School who plays the piano in this group but is a talented percussionist. He plans to further his education at the Boston Conservatory of Music. Mike is a member of the New Bedford Symphony, Regional Symphonic Band, New England Conservatory Youth Orchestra and the Greater Boston Youth Wind Ensemble. Another representative from Old Rochester is the young man on the drums, Paul Soares. He is the youngest member in the group and also plays with the New Bedford Symphony and Regional Symphonic Band.

Traveling from the Middleboro area is Steven Shaw playing the bass. Steve is majoring in the tuba and is a junior at Middleboro High School. He is also a member of the Greater Boston Youth Symphony Orchestra.

Several young ladies from the surrounding towns have already indicated their desire to compete for the title of Miss Wareham. Their names will be released in the near future along with other localities.

Presently the committee is hard at work on the Program Book and the Presentation Dinner Dance to be held on May 16th at the Woodchips Motor Inn. Tickets for this affair are now available from the members of the Chamber of Commerce. The presentation of the contestants will take place following a buffet to be served by Carbo's Catering Company. This dinner-dance is for anyone who would like to support the Chamber programs and have the added attraction of meeting the contestants for the first time. There will be dancing following the buffet and introduction. Music will be provided by the Apollo 4.

HISTORICAL SOCIETY "CLEAN-IN"

The ingenious distaff members of the Mattapoisett Historical Society have come up once again with a novel way in which to ease the burden of spring cleaning the Museum. This year, the volunteer committee will come garbed in what each chooses in order to create their idea of an unusual costume for the task of dispelling the dust. A prize will be given for the most creative costume.

This is an "All Day - Or 'til We Finish Project", to be held this Wednesday, May 6th. Sustenance in the form of a sandwich will be brought along by volunteers. The committee will provide liquid refreshments - coffee, of course.

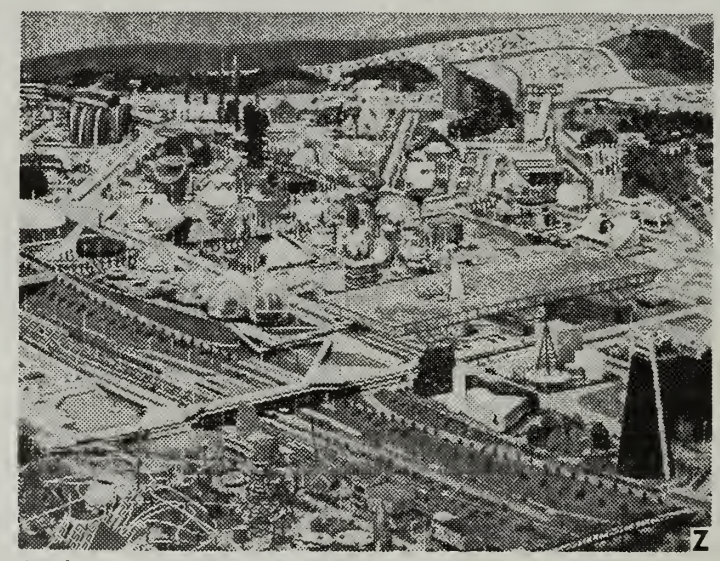
EXPO '70: THE BIGGEST SHOW ON EARTH



As the first world exposition to be held in Asia, EXPO '70 has become a matter of national pride to the Japanese. The 815-acre site in the Senri Hills is devoted to man's progress—past, present, future. But the emphasis will be on man's future world and how he can survive in that universe.

NEW YORK (ED)—From the look of it all, EXPO '70 is the biggest, brightest and gayest of any previous world exposition. But, the Osaka Exposition also has a down-to-earth quality.

Man has lived off the earth for years, and the ancient art of Japanese gardens is perhaps one of the more beautiful expressions of his utilization of nature. Sixty-four acres of EXPO '70 have been devoted to the development of this art unique to Japan from the earliest days of civilization to contemporary times. The garden has been divided into four sections based on the themes of the "flow of water," and the "lapse of time." The Japanese garden represents man in harmony with nature and offers peace and tranquility to the visitor.

In the future, man will use nature and his earth differently. Many of the pavilions and exhibits are expressions of environments to come. Man may mold his living area with the surrounding earth, as the German Pavilion illustrates by having most of its display area hidden from sight. Or, as in the Mitsubishi Pavilion, man may attempt to control his environment totally.

The Pepsi-Cola Pavilion has taken basic environmental elements and added the dimension of sound for an entertaining effect. In the main room of "World Without Boundaries," the floor is divided into sections made of different materials like grass, lead, stone, asphalt and wood. Through individual handsets, the visitor will pick up sounds associated with the material as he walks through the pavilion—on the grassy segment, he will hear crickets, birds and lawn mowers and other noises. The visitor will be encouraged to create his own experiences as he moves through the dome-shaped building.

Whatever man has previously done with his environment, part of the hope of Progress and Harmony for Mankind is man learning to utilize nature and basic elements without destroying the earth where he lives.

Surrounded by a mysterious fog bank, "World Without Boundaries" will offer the visitor sensory experiences of tomorrow.

Arranging the special event are Mr. and Mrs. Charles B. Dunn, Mr. and Mrs. Robert Humphrey, and Mr. Clifford D. BOY SCOUTS CONDUCT PEN SALE

Mattapoisett Boy Scout Troop 15 conducted a successful ballpoint pen sale Sunday inspite of the rain. Proceeds will be used for the purchase of camp equipment and to defray part of the cost of summer camp fees. The troop will attend Camp Cachalot the last week of July under the supervision of Scoutmaster Alden T. Spooner and Assistant Scoutmaster James Sullivan.

The troop entered a booth at the recent Cachalot Council Scout Show in New Bedford and qualified for the President's award. The booth display was built around the theme of an explorer tent camping site. About 15 boys and leaders helped set up and staff the booth during the show.

Recent community service projects include participation by the troop in the Mattapoisett River clean-up project and in last Saturday's street clean-up. Roland's Super Market donated some plastic trash barrel liners and the boys filled over 45 of these bags with trash picked up along North Street in the short distance between the Big Three Sawmill and the road to the dump.

At the Scout meeting Monday night Scoutmaster Spooner read a letter received from the Selectmen thanking the troop for handling the distribution of the town reports.

Junior leaders from the troop attended a training course last week held by Cachalot Council at Fort Rodman in New Bedford. Attending were Robert Kelsey, Anthony Fernandes, Daniel Allen and James Sullivan. Several boys from the troop attended the Cachalot Council Catholic Retreat held at Camp Cachalot that same weekend. This coming weekend the troop will go on a campout to Camp Nunes in Mattapoisett.

Dance", Handel's brilliant "Firework Music" and the current lilting popular hit, "Raindrops".

Mrs. Thelma Ostenfeld, O.R.R. Choral Director, will lead her two choral groups, the junior chorus of 7th and 8th graders, and the senior chorus of high school students, in separate sessions of charming pieces. Regarding Mrs. Ostenfeld's excellent program, one can't help but vividly picture the junior chorus cheerfully rendering the happy hit, "You're A Good Man Charlie Brown", as well as the senior chorus sensitively delivering the very poignant "Theme from Romeo and Juliet".

Inevitably, the junior band, comprised of 7th and 8th grade musicians, will provide a special spark in the evening's entertainment, as it perennially does. Mr. Jarvis Medeiros, director of the enormous junior band, is including in his program selections, two numbers guaranteed to be crowd arousers: "Lassus Trombone", featuring the trombone section, and "Dixieland Jamboree", featuring a specially selected, up front and center, Dixieland Combo.

Comfortably gathered around the multitude of colorful tables in the school cafeteria to enjoy the marvelous music, and partake of refreshments arranged by members of FORAM, will be those lucky tri-town residents electing to attend the annual Pops Concert at 7:30 P.M. May 15th in the high school cafeteria. Admission is free.

Mrs. Charles Whalen of 18 Foster Street, Mattapoisett, will participate in the annual Israel Festival of Music and Drama, August 10-26, as a member of the Greater Boston Youth Symphony Orchestra.

The GBYSO, which scored a dazzling triumph in St. Moritz and Zurich, Switzerland, last year, is the only youth orchestra to have been chosen to represent the United States in this year's festival. It is the first time that a youth orchestra has been selected to appear in the annual cultural event, which first was held in 1962.

The students will perform with some one hundred other talented members of the GBYSO in Jerusalem, Caesarea and in the kibbutzim of Ein Gev and Ein Mashofet, and possibly in Eilat.

The orchestra, which received acclaim last year at the First International Festival of Youth Orchestras in Switzerland as the most outstanding group of young performers among the eleven participating ensembles, will again be in excellent company in Israel. Also appearing in the Festival will be the Isaac Stern Trio, Pablo Casals, the Julliard String Quartet, the Rumanian Madrigal Choir and other well-known international artists.

Conducted by Walter Eisenberg, the GBYSO, organized in 1958, is considered to be one of the world's outstanding youth orchestras. The musicians are chosen by audition and must re-audition annually on a highly competitive basis. Those selected for membership must possess a high degree of musical proficiency and potential. All students of parochial, private and public schools are eligible for GBYSO through their senior year

Nomans - For the Birds

NOMANS LAND ISLAND A "NATIONAL WILDLIFE REFUGE"

An agreement making Nomans Land island a "National Wildlife Refuge" was signed last week by Interior Secretary Walter J. Hickel and Secretary of the Navy John Chafee, at a ceremony in Hickel's Washington office attended by Congressman Hastings Keith.

"This agreement is a real step forward toward the goal of protecting our area's wildlife resources," said Keith, who initiated the interdepartmental negotiations that resulted in today's agreement.

The Navy currently maintains the 620 acre island, located off the coast of Martha's Vineyard, as a gunnery range. It is a popular stopping-off point for migratory birds, including the Ipswich sparrow, which is threatened with extinction.

Assistant Secretary Glasgow, who heads the Interior Department's programs for fish, wildlife, parks and marine resources, termed the agreement "an example of the cooperative attitude between the Defense Department and civilian agencies of government in helping to save the nation's wildlife and its habitat."

today, there still remains some unexploded shells from the World War II era. Because of this, the public will still be barred from the island, but Interior Department personnel will make periodic visits, accompanied by Navy personnel, to determine what can be done to improve the island's wildlife habitat.

The Navy said it would study its gunnery schedule to determine the feasibility of suspending its practice bombing during periods of heavy water fowl use. Already it confines its gunnery practice to certain restricted target areas in the island's highlands.

Specifically, the Navy and Interior agreed to "use and manage" Nomans island for the benefit of wildlife, consistent with defense use.

The agreement calls on the Navy to supply manpower, and the Interior Department technical assistance and special materials, for any improvements recommended for the island.

Keith gave special credit to Henry Beetle Hough and James Restor of the Vineyard, as well as the Vineyard Conservation Society, for suggesting that the island be made a refuge. "It is the efforts of Henry Hough and the other Vineyarders that has resulted in the beneficial agreement we are signing today.

"The birds who use Nomans--and the people who want our wildlife protected--owe them all a debt of thanks," the Congressman said.
